# FROM THE INCHARGE'S DESK

**Dear Students**

Let me whole heartedly wish you a cheerful summer vacation and may you enjoy the holidays to the fullest by making optimum use of your precious time. It is certain that each one of you would have planned in advance about how to have an exciting vacation and spend quality time with your near and dear ones but amidst all your plans, summer vacation is a time for you to unwind, recharge and hone your skills . Engaging in educational activities is an excellent way for you to maximize your summer break. This can include reading books, practicing arithmetic problems, or attending summer camps that focus on science or technology. By continuing to learn during the summer, you can prevent the "summer slide" and be better prepared for the upcoming school year.

Apart from educational activities, you should also seize the opportunity to explore your interests and hobbies. Whether it's playing sports, learning a new instrument, or volunteering in the community, summer vacation is the perfect time to pursue passions outside of the classroom. By doing so, you can develop new skills and experiences that will benefit you in the future.

Let us explore the ways to do the things in an appropriate way to get the final success in our endeavours . Once again, I wish you a memorable, happy and healthy summer vacation.

**Ms. Binny Gupta**

अंतर्विद्यालय प्रतियोगिता  
विषय: अभिनय- नुक्कड़ नाटक  
१२.०५.२०२३

"मेहनत को राहें और मंजिल को आसमान रखते हैं,  
हम अपने अभिनय से अदाकारी को जवान रखते हैं।"

बाल भारती पब्लिक स्कूल, गंगा राम द्वारा "अभिनय- नुक्कड़ नाटक" प्रतियोगिता आयोजित की गई थी। इस प्रतियोगिता में अनेक विद्यालयों ने भाग लिया। हमारे स्कूल से कक्षा तीसरी के विद्यार्थियों ने 'पर्यावरण बचाओ' विषय पर एक नुक्कड़ नाटक प्रस्तुत किया। इसमें बच्चों ने मूल विषय "मिलकर कदम बढ़ाएँ, उज्ज्वल भविष्य बनाएँ" पर घूम- घूम कर, नाच- नाच कर पर्यावरण के प्रति जागरूकता लाने की कोशिश की। उनका यह प्रयास प्रशंसनीय रहा।

# TEACHERS' COLUMN

**"Intelligence plus character- that is the goal of true education."**

**We are living in difficult times where peace and discipline are facing new challenges at the individual and global level. To develop peace, tolerance, compassion and empathy, value education can play a pivotal role to develop these values in younger generation.**

**Value Education refers to that aspect of education which focuses at the development of proper attitude, values, emotions and skills for holistic development of students. In contemporary world, the importance of value education is multifold. It becomes imperative to include values in a child's school journey and even after that to ensure that they imbibe the moral values and ethics in their life to become good citizens. Since, school paves the foundation for every child learning, adding Value Education to school curriculum can help them to learn the most important values right from the start of their academic journey. Value Education lays emphasis on personality development and moulds the children so that they get attuned to changing scenarios while handling their social and moral duties efficiently. It develops their emotional aspects, teaches mannerisms and inculcates essential values like kindness, compassion, empathy etc and makes them open minded to welcome all cultures as well as religions.**

बदलाव या टकराव

बहुआयामी संस्कृति की थाती, क्या संभाल पाएँगी भावी संतति?

भारतीय संस्कृति प्राचीन धरोहर को समेटे हुए है। वर्तमान परिदृश्य में युवा वर्ग की सोच, समझ, भाषा, परम्पराएँ, संगीत सभी के मायने बदल गए हैं। माना कि हमने सभी मर्यादाएँ रखी हैं, परम्पराएँ, व रीति-रिवाजों का पालन किया है, शिद्धत से सभी रिश्ते-नाते निभाएँ हैं, सभी संस्कार, संस्कृतियों को अपनाया है। आज भी नवीन विचारों में ढलने में प्रयासरत हैं।

सवाल ये है कि भावी पीढ़ी क्या संस्कारहीन, मूल्यरहित, स्वार्थपरता के वशीभूत है?

सर्वांगीणता, उदारता, सहिष्णुता की दृष्टि से क्या भारत पिछड़ रहा है?

नहीं, कदापि नहीं।

जब समुद्र-मंथन के समय हमें अमृत-विष दोनों ही स्वीकार्य थे, तो अब क्यों नहीं?

भारतीय संस्कृति कर्म प्रधान संस्कृति है। प्राचीनता-आधुनिकता के मंथन में प्रगतिशीलता, कलात्मकता, मौलिकता रूपी अमृत के साथ-साथ थोड़ी-सी आधुनिकता, खुलापन भी अपरिहार्य है। हमारी प्रथाएँ काल के क्रूर थपेड़ों से परिमार्जित हो गई हैं। ये आधुनिकता एवं परंपरावादियों का समन्वय है, ये उनका निचोड़ है, तभी तो हमारी भावी नस्ल 'वसुधैव कुटुम्बकम्' सनातन धर्म के मूल संस्कार को अपनाकर भारत भूमि का परचम लहरा रही है।

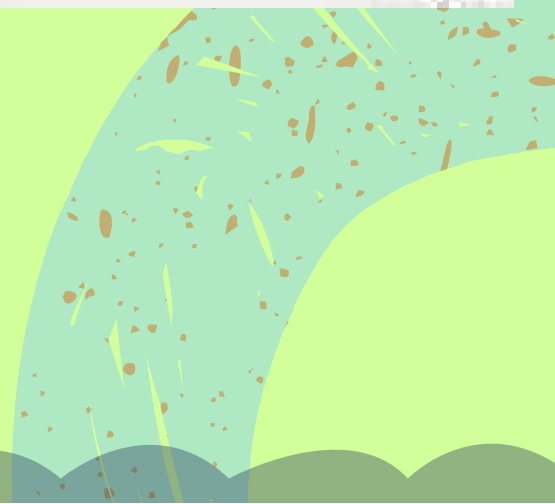

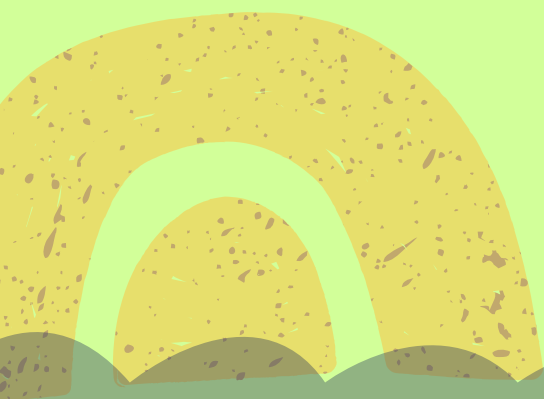

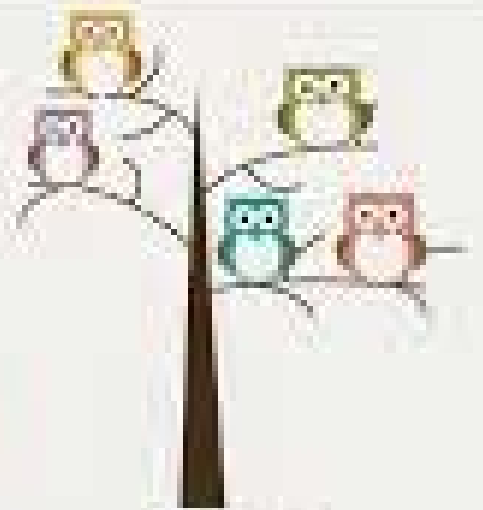

समकालीन परिस्थितियों में निषेध है आवेश।  
ये है प्राचीनता में नवीनता का समावेश।।

DATE-21.04.2023**

**On April 21, 2023, N.K. Bagrodia Public School, Sec-9 Rohini organized an online orientation programme for the parents of the students of Class II. The primary objective of this programme was to provide parents with an in-depth understanding of our school's mission, vision, and academic offerings to ensure the holistic development of their child.**

**The programme commenced with a warm welcome from our respected Principal Sir, Mr. Prashant Parashar B, which was followed by a comprehensive presentation of our pedagogical structure by our experienced Incharge ma'am, Ms. Binny Gupta. The presentation highlighted the school's teaching methodology, academic standards, and the role of teachers in shaping the future of the students. To provide an overview of the curriculum, evaluation and assessment pattern and school facilities, a visually appealing and informative PowerPoint presentation was used. This presentation enabled the parents to gain an insight into the different subjects, teaching techniques, and facilities available at our school.**

**An open house session was held towards the end of the programme, where parents were invited to ask questions and clear their doubts.**

**Overall, the programme was highly informative and interactive, providing parents with a better understanding of our school's offerings and ensuring that their children have a smooth academic year ahead.**

# INNOVATIVE TEACHING

In accordance with the National Education Policy 2020, the Union Education Minister, Shri Dharmendra Pradhan, has recently launched a set of Learning-Teaching Materials for the Foundational Stage. This innovative program, called 'Jadui Pitara,' has been specifically designed for children aged between 3-8 years, and uses play-based learning techniques to promote both education and entertainment. By arousing a sense of curiosity in the students, the program encourages them to explore and discover what surprises lie within the magical box of happiness. Under the guidance of our in-charge, Ms. Binny Gupta, teachers are being trained to integrate this TLM (Teaching-Learning Material) into their regular teaching practices. This has resulted in a joyful and engaging learning experience for the students.

### **Jallianwala Bagh**

**Massacre, also called Massacre of Amritsar, occurred on April 13, 1919, in which British troops fired on a large crowd of unarmed Indians in an open space known as the Jallianwala Bagh in Amritsar in the Punjab region (now in Punjab state) of India, killing several hundred people and wounding many hundreds more. The Jallianwala Bagh massacre marked a turning point in India's struggle for Independence. A memorial was set up by the Government of India in 1951 at Jallianwala Bagh to commemorate the spirit of Indian revolutionaries and the people who lost their lives in the brutal massacre.**

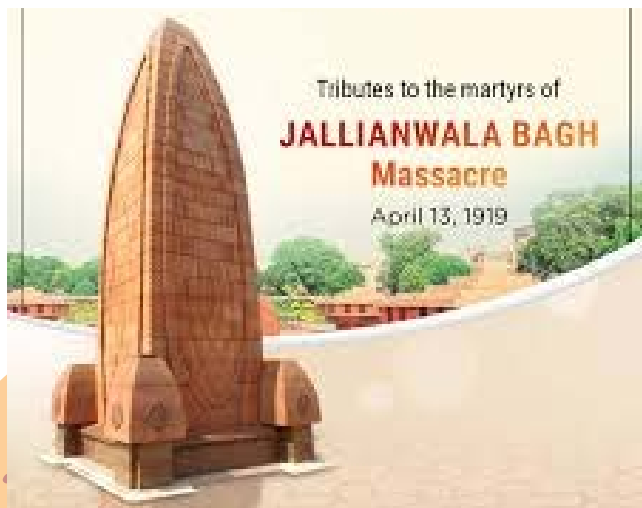

**In order to brief the students about this incident, a short documentary was shown in the class. Students were also told after effects of this tragic incident. It was helpful in sensitising the young minds about the kind of struggle and sacrifice the Indians had gone through to gain independence.**

" Numbers rule the universe."

Place value is the value of each digit in a given number. For the better understanding of the topic, a stimulating activity was conducted for the students of Class IV. The students expressed the given number in different ways. They represented the number on an abacus using different types of decorative materials. The number was also shown on a place value chart. Students wrote the number in words and rounding it off to the nearest 10, 100 and 1000. Students participated with great zeal and presented the activity beautifully.

# MATHEMATICS ADDITION AND SUBTRACTION

Class IV  
08.05.23

" The process of change is made up of addition and subtraction."

Addition and subtraction are the two primary arithmetic operations where we learn to add and subtract two or more numbers. An engaging, creative and fun-filled activity of making addition and subtraction pyramids was organised for the students of Class IV. Addition and Subtraction pyramids are visual tools that helped the students understand these concepts better. Children participated enthusiastically and enjoyed the activity.

CLASS IV  
DATE : 03.05.2023

"ONLY AN EXCELLECT FABRIC CAN  
ORIGINATE AN EXCELLECT FASHION."

We wear clothes for protection, adornment, identification, status and modesty. An activity was taken up with reference to topic 'Clothes We Wear' wherein the students collected samples of different fabrics. Children depicted their creativity and designed cut outs of different outfits. The activity enhanced the hand-eye coordination of the students. They also acquired knowledge about natural and man-made fibres and also learnt the ways to take care of their clothes.

Class V  
02.05.2023

"To eat is a necessity, to eat intelligently is an art."

-Francois de le Rouchefoucauld

Students collected and pasted labels of some common packaged foods with nutritional information/ nutrition facts. This activity enabled the students to read and interpret the information given on the snacks preferred by them. This skill will enable the students to make informed choices and take up responsibility for eating healthy for nourishment and not only for taste.

 'The conquest of learning is achieved through the knowledge of languages.'

To enhance the linguistic acquisition of students, various activities were conducted in English covering different aspects of English language learning. Newspaper activity, activity related to figures of speech and types of sentences were conducted . The activities helped in developing newspaper reading habit and brought out the creative side of the children. They helped in boosting students' imagination as they created their own sentences using different situations and characters.

Figure of speech- Hyperbole

I use it all day long,  
I pick up half a dozen  
And hoist them in the air,  
It's really somewhat simple,  
For I have strength to spare!

My muscles are enormous,  
They bulge from top to toe,  
And when I carry elephants,  
They ripple in and fro!  
But I am not the strongest

For when I carry elephants,  
My grandma carries me!

"Without mathematics, there's nothing you can do. Everything around you is mathematics. Everything around you is numbers."

An activity integrated with general knowledge was taken up with Class 5 students in which they were given in-depth knowledge of PIN codes. Students were made aware of the acronym of PIN along with the significance of each digit. Further, children were asked to write the PIN codes of different regions and arrange them in ascending order. Next, pupils were asked to write 5 mobile numbers of any of their family members and to arrange them in descending order. This enabled them to deal with larger numbers. Children enjoyed doing the activity.

# SLOGAN-WRITING ACTIVITY

Class V  
April'2023

“Creativity is as important as literacy.”  
-Sir Ken Robinson

A slogan writing activity was organised for the students of Class V. They wrote short and catchy phrases that captured the essence of the theme chosen by them which varied from saving environment to curbing the prevalent social,evil practices. The teachers provided the students with guidance and support throughout the process. The students were glad to display their work in the class. It was a fun and engaging way to encourage creativity and critical thinking skills among students.

**"A mother is like a flower, each one beautiful and unique."**

The students of Primary Department of N.K.Bagrodia Public School ,Sector-9 Rohini, commemorated Mother's Day on 12th May with a variety of fun activities and enriching events. The students of class 1 engaged in a 'Speaking Skills Activity' which was centered on the topic 'Mother'. They delivered heartfelt speeches and recited beautiful poems dedicated to their mother. In addition, they participated in an amazing craft activity too. The students of class 2 presented cards to express their appreciation and respect for their mother. Carrying forward the legacy of 'Parent as a Partner Program', Ms. Shruti Puri was invited to conduct a talk show on 'Trust and Respect'. It was a delight to witness the students of classes 1 and 2 interacting enthusiastically with the resource person.

The students of class 3 celebrated this special day by expressing themselves through scintillating dance performances. The students of class 4 crafted gratitude cards, played games, and enjoyed a fun session. To stimulate the young minds, foster team spirit and enhance creativity, Class 5 students were engaged in activities like Collaborative Art, Brainy Buddies, Party Poppers and Filmy Friday. Under the 'Parent as a Partner Program', an enthralling show was conducted by Ms. Isha Gaur. Her presentation विचार मंथन- नुक्कड नाटक 'दर्पण झूठ न बोले' was appreciated by class 4 and 5 students and the authorities as well.

Students were glad to lend an ear to the learned Principal Sir, Mr. Prashant Parashar, as he offered gratitude towards mothers and guided the students to recognize and honour the efforts of their parents. Our honourable Incharge Ma'am, Ms Binny Gupta, resonated with the thoughts of being respectful towards our parents and enlightened the young Bagrodians.

With the active participation of the school authorities, parents, students and teachers, the Bagless Day which was celebrated as Mother's Day, was a resounding success.
