From the Principal's Desk

As the Principal of the school, I feel honoured and privileged to be part of an educational institution where every stakeholder is a learner and every day is an opportunity to learn and discover. We look at ourselves as a community of learners where everyone including our teachers, parents and staff learn.

I believe in upholding high standards with an absolute commitment to strive to understand and improve the educational process, using team strategies, while wholly centering on student's achievement.

We at NKBPS, Rohini are committed to provide an environment where students feel respected, appreciated and loved by the teachers and constantly develop students' personal responsibility, self control, good decision making skills, self confidence and character building with high moral values.

A child's learning involves and revolves around an effective partnership between home and school.

I look forward to create a school where parents are welcome, students are engaged in meaningful learning and the staff members are valued and appreciated for their efforts.

FROM THE HEADMISTRESS' DESK

The Power of a Success Mantra

A success mantra is a positive affirmation that you repeat to yourself on a regular basis. It can be a simple phrase, such as "I am successful," or it can be more elaborate. The goal of a success mantra is to help you focus on your goals and to believe in yourself.

There are many benefits to using a success mantra. For one, it can help you to stay motivated. When you are feeling down or discouraged, repeating your mantra can help you to remember why you are working so hard. It can also help you to stay focused on your goals. When you are constantly thinking about your goals, you are more likely to take action towards achieving them.

In addition to motivation and focus, a success mantra can also help you to improve your self-confidence. When you repeat a positive affirmation to yourself, you are essentially telling yourself that you are capable of achieving anything you set your mind to. This can help you to overcome self-doubt and to believe in yourself even when things get tough.

Here are a few examples of success mantras that you can use:

I am successful.

I am confident.

I can achieve anything I set my mind to.

I am worthy of success.

I am grateful for all the good in my life.

Adopt a mantra and reach the pinnacle of success.

Somewhat like a breeze,
Enough for it to further freeze.*

*Somehow it all went to the
opposite extent,
Things thought about the future,
Are now completely transparent.
Little did I know how
silly it would end,
The good thing is that,
Now, it can't make my heart pretend.*

*Simple things can't make me fall,
Simple things can't make me Bend,
It is just a life phase,
It can't make me horrid...*

*It is not the end of the world,
It might hurt at first,
But trust me...:
It is not the worst, I know that you
can do it!
I know what you did is right!
Now just get up, get ahead...*

THE UNFORGETTABLE

*The one I would never forget!
Who made me interested
in a subject, ...
No one could ever have!*

*She makes me laugh,
She makes me smile!
No matter how I felt before,
She just makes my day bright.*

*Honestly, the best teacher
I ever had,
Who made me smile at the times
I cried,
With just a High-five.*

*Somehow, she is always there.
Somehow, she always under-
stands.*

*No, she is not like any
other teachers,
She is special, tranquil and rare.*

*I could never stop telling how
great she is,
I would never stop telling how ex-
ceptional she is.
Don't you dare say anything
against her;
That is, if you don't want
any quarrel.*

*How come she gets to know
everything?
I wish I had that power...*

*But the time has passed so quickly,
I sit and realise and wretch!
It makes me sad even to consider.
In the next few months,
She won't be there.*

*She won't teach me anymore,
Or joke or comfort me when
I am sad...*

*And that's the only part that
makes me deject.*

*But as she says, "enjoy the moment
rather than crying about the past
and panicking about the future..."*

*I would love to thank her for be-
lieving in me,
Joking with me and going on the
trip with me.*

*But most of all,
Treating and guiding me
like a mother,
I will never-ever forget her!!!*

EDUCATIONAL TOUR TO SHIMLA- CHAIL

CLASSES 9 AND 10

Student's feedback

Sara Sharma, Class IX

I got a golden chance to spend some leisure time with my friends and create an amiable bond with the teachers. Each and every thing was perfectly organised by the supervisors and teachers. We sang songs all night in the bus and also had a Dj night on the way which was fantastic. The feeling was tremendous. We visited the Mall Road, the Zoo, the famous Rancho Palace and had a great fun doing the adventurous activities. We also went for night safari and enjoyed the beauty of nature. All in all, we had a lot of fun and also got to learn plethora of things. It was indeed a memorable trip!

Khyati Sharma, Class IX

Vacations are awaited eagerly and the ones spent with friends are the most memorable. This year's school trip is one of the examples. Our visit to Chail was a great experience endowed with a large amount of fun. We started our journey late at evening and halted for dinner at Red Huts Resort where a DJ programme was organized for us which was proceeded by an overnight journey. The chilly breeze made the weather more mesmerizing. And the scenic beauty was a thing to be valued. We visited many places like Chail palace, Shimla mall road, Kufri zoo etc. The most adventurous experience so far throughout the trip was that of the night trek as we got see different constellations while sitting in the lap of mother nature which made us feel more connected to it. I want to thank our beloved teachers who made our trip more comfortable and enjoyable. I am really obliged to the school for organizing this trip and helping us add more golden memories to our bundle of joy.

Mitansh Katarya, Class IX

My overall experience of the school trip was a rather memorable one. I thoroughly enjoyed the break we got from our, let's face it, rather monotone lives. The moments I shared with my companions are some of the best of our lives. The bond created by living with our friends is a unique one, for sure. The absolute plethora of activities did not leave a singular moment, in which boredom took over. The highlights of the trip for me were the zipline (and my lack of confidence while doing it), the innumerable minutes of dancing especially on the bus and the night DJ program, the atmospheric campfire and the night trek. These activities, mainly dancing, do not interest me in particular. Yet I was drawn in, by my friends and didn't care for anything else, except having fun!

My takeaway from this excursion was, that any given moment can be interesting, given the unwavering support and interaction with your friends! :)

Navya Goyal , Class VII B

All the people around the world eagerly wait to go on excursions with their friends at least once in their life. It was a great pleasure that the school gave us a golden opportunity to spend an amazing time and make every moment memorable with our friends. We visited a market, a church, a temple, a cruise and of course many beaches. Going on the cruise as well as the beaches was a wonderful experience. The Church also provided us with the information we never thought of getting. The time we had on the bus was just tremendous as we got to dance, sing and enjoy the best of our lives. I am very grateful with the dedication of the teachers in planning our trip. Moreover, this trip helped the students in sharing an amiable bond with the teachers as well as their friends.
