TRANSFORMATIONAL TASKS FOR HOLIDAYS

The Summer of Growth: Preparing Students for Life's Adventures!

Dear Parents

As the summer vacation approaches, we hope you and your children are eagerly anticipating a well-deserved break from the hustle and bustle of daily life. Summer vacation is also a perfect time for you to bond with your children and impart valuable skills and values that will prepare **OUR** students for life's journey.

We've got some suggestions for activities to kickstart during the summer break and continue **INDEFINITELY**. Let's make this vacation a time of growth and fun while creating cherishable memories! 😊

1. Laundry Lessons for Life

Why just wear clean clothes? Empower your child with essential life skills by making them wash their own garments twice a week. Train them to iron and fold their clothes making them self-dependent in the process.

2. Master Chefs in the Making: Cooking Together

Turn meal preparation time into quality time! From tea to tasty treats, let your child explore the joys of cooking, one delicious step at a time.

Week 1-

- * Guide them to prepare a cup of tea/glass of lemonade
- * Teach them peeling fruits and vegetables.

Week 2-

- * Teach them cutting and chopping.
- * Cooking without fire- simple sandwiches, simple salads, etc.

Week 3-

- * Involve them in cooking simple dishes.
- * Kneading dough

Week 4-

- * Rolling chapatis

3. Clean Team: Home Hygiene Heroes

Transform chores into fun family rituals! With teamwork, cleaning becomes a breeze and instills responsibility in your child. Both boys and girls must practise sweeping and mopping the floor once a week. Teach your child to wash at least their own utensils.

4. Digital Detox: Refreshing Minds, Connecting Hearts

Break free from screens and embrace the world around you! Rediscover the joy of unplugged activities, fostering creativity and togetherness. Practise a Digital detox hour every day by not using any gadget (mobile, laptop, tab, etc.) at all. From Week 2 fix a digital detox day when all family members will not use any gadget for the whole day and utilise time by reading, playing board games, playing cards, listening to music, painting, gardening, etc.

5. Heritage Holiday: Exploring India's Treasures

Discover the wonders of India's rich culture and history, creating memories that last a lifetime. Plan vacations to various heritage sites of India.

6. Soulful Serenity: Morning Mantras and Movie Magic

Start and end your day on a harmonious note! Immerse in spirituality and storytelling, bonding over tales of valour and wisdom. Try to play some hymns, shlokas, strotas, etc so that your child can memorise them.

7. Mindful Moments: Yoga and Meditation for All

Cultivate peace and well-being together! Motivate your child to practise meditation/yoga for 10-15 minutes daily. You will have to join in because children emulate your acts!!!

8. Adventure Awaits: Bonding Through Thrills

Hit the road for unforgettable adventures! Strengthen your parent-child bond with adrenaline-pumping activities like river rafting, trekking, hiking, etc.

9. Lights, Camera, Bonding... Family Movie Night

Dive into history with your child through captivating movies! Watch at least 4 movies/series based on Indian history or mythology with your child. Don't forget to get popcorn and cold drinks to make it a perfect movie night as you explore together.

Regards

Team NKBPS, Rohini
