3. Complétez leçon 1 and 2 du Cahier d'exercices.
4. Complétez les exercices du livre d'affectation .

MATHEMATICS

Q1) Fun & Fractions:

Imagine your day during the vacation. Write the number of hours devoted for each activity by you in a day. Represent each activity pictorially, write it in fractional and decimal form.

(Hint: Include categories like Sleeping, Playing Games, Exploring New Places, Relaxing with Family, Learning a New Skill, and Others.)

Q2) Boggle Your Mind:

Choose any 4 activities that you perform, represent them pictorially and write it as an Integer.

Q3) Create a Math-tastic Crossword Puzzle!

This holiday break, why not create a fun and educational crossword puzzle for yourself or your classmates to test your knowledge of grade 8 math concepts? Here's what you need to do:

Step 1: Choose Your Topics

Pick a variety of grade 6 and 7 maths topics you've been learning about. Here are some ideas to get you started:

Operations: Percentages, ratios, proportions

Algebra: Linear equations

Geometry: area, perimeter

Step 2: Design Your Grid

Draw a square grid on a piece of paper. Decide how many words (minimum 10) you want to include and adjust the grid size accordingly. Aim for a balance between challenge and solvability.

Step 3: Fill in the Blanks (The Mathy Part!)

For each word you want to include:

Write the word vertically or horizontally in the grid.

Make sure intersecting letters create valid words for the other direction (across or down).

Come up with clever clues that test your understanding of the chosen math concept.

Step 3: Solution Key

Create a separate sheet with the completed puzzle grid and the answers to the clues. This will help you check your work or share the puzzle with others.

Bonus Challenge: Decorate your crossword with math-themed illustrations or borders!

	***The holidays home work is to done in Maths lab file neatly. Try to make it innovative and creative.										
SCIENCE	Reuse plastic waste in your home to make home furnishing items and make a report on A4 sheet that reuse is the best way to control pollution. To summarise the activity prepare a learner's diary Format of a diary <ul style="list-style-type: none"> • What did I learn? • What I found challenging? • What i found interesting? And many questions to share your experience of doing your Holiday Homework

Or Using A3 size sheet highlight the achievements of any 5 Indian females (with their pictures) who have excelled in different fields breaking the gender stereotypes.										
ART	1.Make 10 beautiful borders of the same pattern. Size- 6 inchesx36 inches. 2.Design a graphic poster on Sports on A3 size sheet..(Printed/self design/Collage/ handmade).										
COMPUTER	Prepare a Power point Presentation on the following topics according to your roll numbers. <table style="width: 100%; border: none;"> <tr> <td style="width: 30%;">Roll No</td> <td style="width: 70%;">Topics</td> </tr> <tr> <td>1 – 10</td> <td>Cyber Crime against an individual person</td> </tr> <tr> <td>11 - 20</td> <td>Cyber Crime against property</td> </tr> <tr> <td>21 - 30</td> <td>Cyber Crime against organization/ society</td> </tr> <tr> <td>31 onwards</td> <td>Cyber Security</td> </tr> </table>	Roll No	Topics	1 – 10	Cyber Crime against an individual person	11 - 20	Cyber Crime against property	21 - 30	Cyber Crime against organization/ society	31 onwards	Cyber Security
Roll No	Topics										
1 – 10	Cyber Crime against an individual person										
11 - 20	Cyber Crime against property										
21 - 30	Cyber Crime against organization/ society										
31 onwards	Cyber Security										

N.K. BAGRODIA PUBLIC SCHOOL, ROHINI HOLIDAY HOMEWORK

The month of May has come again and it is vacation time! It is our constant endeavor to make learning enjoyable for our children, some simple and fun filled activities are suggested here to make these holidays a joyful experience for them.

SUGGESTED ACTIVITIES:

- If you are planning to visit another place-
- Find out about the special cuisine, festival, language, dress and local climate of that area.
- Find out about the type of vegetation and crops found in the area you are visiting.

- Sharpen your thinking skills
- Solve word puzzles, Sudoku and brain teasers
- Learn to play chess, carom, scrabble, boggle etc.

- Become 'An Earth Saviour' and enjoy the following activities, with your friends in your area:
- Help the gardener to water the plants and trees in your area.
- Put posters in your colony and ask people not to litter around.
- You can even make a simple bird bath (with a shallow bowl) and have fun watching the birds beat the scorching summer heat.

- Be the green police of your house. Check if there is any wastage of electricity or any other resource and take steps to curb it.
 - If you don't have a pet, spend some time with a pet of your friend or neighbour. It will be a very amazing experience!
 - Spend some time with your mother or an adult in the kitchen and-
 - Learn the names of the various spices and pulses.
-
- Bake cupcakes and learn how to correctly measure the ingredients.
 - You can learn simple recipes and write them down in your Recipe Book. (eg- learn how to make lemonade, sandwiches, tea, butter milk/lassi etc.)
-
- Make some birthday greeting cards in advance for your parents, grandparents and friends.
-
- Star gazing - Use this as an excuse to stay up late in the night (when the sky is very clear), learn about various constellations, pole star etc. On a new moon night, you may even see meteors, if you are lucky.
